dated 25 May 1983, Subject: Move  
Impact Statements

STAT

Like you I am hard pressed to find negative  
impacts from the move The few  
factors that I can come up with include:

STAT

- a. Convenience of access by the OGC and  
projected HRPS Statistical Consultants.
- b. Adequate parking for larger numbers of  
visitors.
- c. The kind and amount of printing and  
graphics equipment

SUBJECT: Move  Impact Statements

STAT

In an effort to cooperate with management's decision to move most of OP to  I have limited my focus (and my discussions with you) to ensuring that we would be able to function within our new quarters. Now that we appear on the way to resolving that initial problem, I do want to focus on the broader issue. Please give me by COB 3 June 1983 a statement on how the move will affect your ability to operate -- provide services, coordinate with other Agency elements (OP and non-OP), etc. I am particularly interested in problems involving security  and time delays. These statements need not be elaborate. A simple listing of problems or an outline will do. I plan to use them primarily as a basis for discussions with you.
